Animal and Plant Health Inspection Service

Title: Animal Welfare.

OMB Control Number: 0579-0036.

Summary of Collection:

Under the Animal Welfare Act (AWA, 7 U.S.C. 2131 *et seq.*), the Secretary of Agriculture is authorized to promulgate standards and other requirements governing the humane handling, care, treatment, and transportation of certain animals by dealers, exhibitors, operators of auction sales, research facilities, carriers and intermediate handlers. The Secretary has delegated responsibility for administering the AWA to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS), Animal Care.

Definitions, regulations, and standards established under the AWA are contained in 9 CFR parts 1, 2, and 3 (referred to below as the regulations). Part 1 contains definitions for terms used in parts 2 and 3. Part 2 provides administrative requirements and sets forth institutional responsibilities for regulated parties, including licensing requirements for dealers, exhibitors, and operators of auction sales. Dealers, exhibitors, and operators of auction sales are required to comply in all respects with the regulations and standards (9 CFR 2.100(a)) and to allow APHIS officials access to their place of business, facilities, animals, and records to inspect for compliance (9 CFR 2.126). Part 3 provides standards for the humane handling, care, treatment, and transportation of covered animals. Part 3 consists of subparts A through E, which contain specific standards for dogs and cats, guinea pigs and hamsters, rabbits, nonhuman primates, and marine mammals, respectively, and subpart F, which sets forth general standards for warmblooded animals not otherwise specified in part 3.

Need and Use of the Information:

Administering the AWA requires the use of several information collection activities such as license applications and renewals, which now include a request to identify whether the business

mailing address is a personal residence or not a personal residence; registration applications and updates; annual reports; acknowledgement of regulations and standards; inspections; requests; notifications; agreements; plans; written program of veterinary care and health records; itineraries; applications and permits; records of acquisition, disposition, or transport of animals; official identification; variances; protocols; health certificates; complaints; marking requirements; and recordkeeping. The information is used to provide APHIS with the data necessary to review and evaluate program compliance by regulated facilities, and provide a workable system to administer the requirements of the AWA and intent of Congress without resorting to more detailed and stringent regulations and standards that could be more burdensome to regulated facilities.

Description of Respondents: Individuals or Households; Businesses or Other For-Profit Entities; Not-For-Profit Institutions; State, Local, and Tribal Governments; Foreign Federal Governments.

Number of Respondents: 45,295.

Frequency of Responses: Recordkeeping; Reporting; Third Party Disclosure: On occasion.
